

ST. EDMUND PREPARATORY HIGH SCHOOL Brooklyn, New York

HE²PD was the Owner's Representative for the construction of a new, two-story addition to the St. Edmund Preparatory High School located in Brooklyn, NY under the Diocese of Brooklyn.

Designed to maintain the integrity of the existing facility while providing space for the rapidly expanding school, this project included the creation of a new library, computer, music, dance, and physical education centers. A number of specialty classrooms were also created, including a woodworking shop, art studios with a glass atrium, and a new band room. An outdoor balcony with meeting space was created to enhance the new Teachers' Office Complex. The space is fully air conditioned and contains an elevator for handicap access.
