

EXPERIENCE

New York Center for Facial Plastic and Laser Surgery Great Neck, New York

HE²PD, Inc. was retained as the Owner's Representative for a state of the art medical center containing two Article 28 level operating suites. The project included the creation of a luxury medical spa, as well.

The building and site was constructed with all new infrastructure. HE²PD, Inc. oversaw the creation of the design, layout, finances, scheduling and permitting. The company also coordinated the design implementation between the architect of record and the decorating professionals, including the furniture, IT, and AV systems.
